

II. Remarks

Applicant has amended claims 20-21 and 24-26. The amended claims are fully supported in the specifications and drawings and in particular drawings 7a and 7b as discussed in paragraphs 0111-0115 of the Description of the Preferred Embodiments.

Claims 1-19 were previously cancelled. Claim 27 was cancelled for the reasons noted on page 3 of the Office Action.

On Claim 26, "the well chamber" was provided proper antecedent support in the first paragraph of such claim.

Applicant respectfully submits that the new claims are different from and not the same invention as prior U.S. Patent No. 6,817,420 and they are not co-extensive in scope.

In view of the above amendments and remarks, it is believed that this application is now in condition for allowance, and a Notice thereof is respectfully requested.

The Applicant may be reached at (613) 966-1471. All correspondence should now be addressed to the Applicant directly at the address given below.

Respectfully submitted,

Stewart Hitchon
